

QUILT RULER CONNECTOR™

Easily and Accurately Align and Connect Two Quilt Rulers.

Side-by-Side

End-to-End

Corner Square

Forget lugging a big 24" ruler to class. Simply take two 12" rulers and the Quilt Ruler Connector™ by Guidelines4Quilting™, and turn them into a 24" long or a 12" square ruler.

Made in the USA

GUIDELINES™
4 Quilting

Square up Fabric in an Easy Way:

1) Connect a 12" & 24" rulers as a corner square.

Then, align the folded edge of the fabric to a line on the 12" ruler.

2) Remove the 12" Ruler and the Connector.

Square up the edge and start cutting strips from the same side of the fabric.

Make a 3-Foot Ruler with your 12" and 24" rulers & cut Bias Binding Strips.

- For right or left-handed use.
- Patent Pending Black Alignment Tabs and Lip Edge ensure easy, accurate connection every time.
- Made of super tough polycarbonate, it is virtually unbreakable.
- Made in USA
