

# Prep-Tool™

Item#: GL-PT  
Retail: \$11.95

You could buy one tool to trim triangle points, another to mark seam lines and add yet another to set a seam guide.

Or, do all of that with one tool that lines itself up to fabric's edge for Perfect Results Every Time.

*Cotton Spice Magazine:*  
"This is the best little tool I've come across in a long time..."

*Quilter's World Magazine:*  
"...one of those little things you'll be reaching for time after time..."

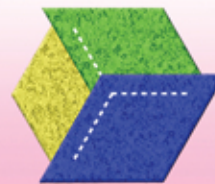

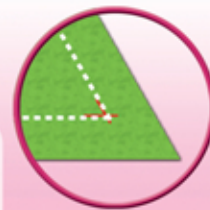

*McCall's Quilting:*  
"..The raised fabric guides catch the edge of the fabric patch for quick, easy positioning"

## Accurately Mark Seam Lines:

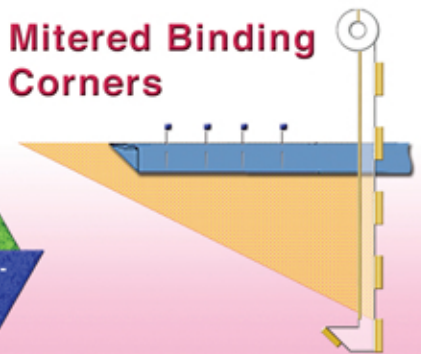

Prep-Tool is a Scant 1/4" wide.

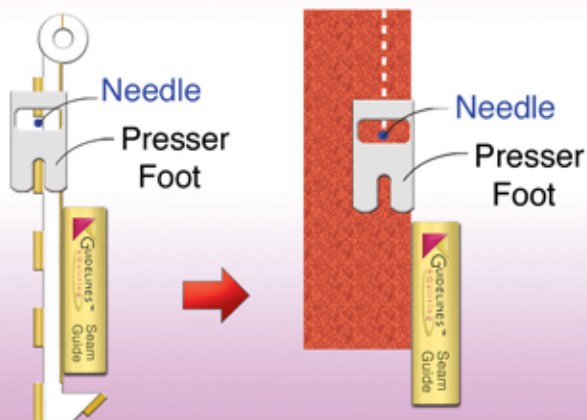

Precise Set-in-Seams:

Mitered Binding Corners

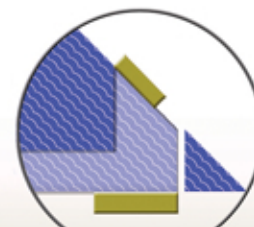

Align the Seam Guide at a Scant 1/4" on Your Sewing Machine:
